

The Ghastly Ghoul

3D animated Halloween special for all the family to enjoy!

Every year, the monsters from Halloween Town come to Earth to trick or treat for one glorious night of mischief before the gateway back to their world closes again. One year, Gary, a cute and fluffy monster who doesn't believe he's scary enough, disguises himself as The Ghastly Ghoul.

But when Gary misses the gateway back home, he is trapped in the human world. He forms a friendship with Beatrix, who is struggling with her own fears around the macabre holiday and together they help inspire a sense of self-belief in one another and try to get Gary home again in a Halloween night filled with magic and adventure.
